

**PRODUCT NAME : TRAVEL SLING BAG-BLACK**

CODE : TR30

**FRONT and BACK**

**DESCRIPTION**

**PRODUCT:** Single shoulder strap bag with double compartment and internal divider

Don't just call it a shoulder bag !!!

The GIVI travel shoulder bag will be the perfect companion for your travels both on a motorcycle and in flight. This product is really a compact but versatile package. It has been designed to provide as many features as possible with many separate spaces for organization and customization. The main compartment offers the possibility of being divided between the upper part and the lower part accessible through an internal partition. Through a side access you can easily access this separate spacious and secure compartment. On the other side you will find a useful bottle holder space. A Molle system on the front side and ductile side for various uses. Inside we find a protected compartment for our laptop and a separate pocket. The front opening still offers different spaces and accessory systems. In addition, the GIVI travel shoulder bag is equipped with a large and comfortable padded and profiled shoulder strap with a small zippered pocket. Reflective inserts the appropriate reinforcements and the essential use of lines, color and design materials contribute to crowning this product as an indispensable and reliable travel companion.
